

## P5: Wahlprogram 2025 - Federal Programme International Mobility

# ÄNDERUNGSANTRAG P5-312

Antragsteller\*in: *Julian Fritsch*

### Antragstext

**Von Zeile 312 bis 314 löschen:**

#### **3.7 European Student ID ~~Card~~**

To simplify mobility, a digital European student ID ~~card~~ should be created under the leadership of the European Union that securely stores student data. This

**Von Zeile 317 bis 322 löschen:**

European platform would be needed to store the data, which should be encrypted according to modern standards. The ID ~~card~~ should also fulfill the traditional roles of a student ID, such as granting access to university libraries. Initially, students should have the option to apply for a European student ID ~~card~~ during a pilot phase. Additionally, students should have the choice to request a physical card, with the cost being covered by the students themselves.
